Sanctions

School graduation in Ukrainian Kharkiv 2022.
What are your memories of this important day?

Sanctions - #Erasmuswithoutrussia – at the [link](#), projects with russia and belarus are terminated

The cooperation with their organisations funded by the state budget is NOT eligible

The individual opportunities for russians/belorusians*

are still eligible though such opportunities are based on the interinstitutional cooperation which is NOT eligible by the European Commission sanctions!

Based on its Academic/organisational Freedom it is up to the Erasmus Universities and other organisations on how to apply it, **please do the right choice – choose Ukraine, we are defending the future of Europe!**

Stop recognition of russian diplomas, they are not in Bologna Process any more!

PLEASE DO NOT provide similarities via joint **support** platforms for Ukrainians, Russians, and Belarusians: do not equal those suffering from a bloody war with those whose **governments directly support war and terrorism – ‘victims of war’ ≠ ‘victims of totalitarian regime’.**

Ukrainians are not refugees – not refused by our country... but temporary relocated/under temporary protection

- To find contact information of the HEIs to discuss support needed
- Force Majeure Circumstances: suspend or continue with redesigning
- Staff safety, activities delays, changes, damages, new workplan/ activities
- Payments delay, state treasury and banks issues etc. However changes to Regulation adopted already to allow payments under the projects – [New Regulation at the link](#)
- To receive the permission from the management for staff, researchers and students mobility
- For management staff and for man to receive permission from the Ministry of Education and Science of Ukraine to cross the border

To apply flexibility within Ukrainian HEIs:

- update for the Internal Regulations on the International Cooperation/Mobility is required
- Nomination vs selection – procedures update, if needed
- Signatures of Interinstitutional Agreements is a must for recognition
- Explanation to the Erasmus+ partners the recognition mechanisms etc.

Challenges for Mobility Projects

- Institutional regulation for Mobility does not reflect the war time!
- Not ready/able to apply flexibility
- Recognition by the EU universities of prior study or belonging to the university without the documents which were lost/destroyed during war/ recognition for mobility periods
- Study or Traineeship for 1st year students, longer period of semester 4th year students
- Teaching, Training, Job shadowing for staff
- Passport/visa and crossing the border
- The male students and staff 18-60 years old are **not allowed to cross the border** with some **exceptions!!!** Erasmus mobility is not under exceptions!!!

Additional conditions and docs are required:

*Crossing border by **male students and staff** during Martial Law is regulated by the Decree of the President of Ukraine of 24.02.2022 № 64/2022 «On the imposition of martial law in Ukraine». The Cabinet of Ministers of Ukraine Regulation № 264 dated as of 12/03/2022 (<https://zakon.rada.gov.ua/laws/show/264-2022-%D0%BF#Text>) regulated exceptions which include among other things: "... students for studying abroad in full-time or dual forms of education; people with disabilities and accompanying persons..." Video - <https://fb.watch/dfCkWr1BYq/>*

They need to have obligatory the military center certificate about the reason why they are not at the military service.*
