## **III INTERNATIONAL STUDENT SUMMIT**

# **«Prospects for the preservation and development of democratic tendencies of state functioning in terms of aggravation of Global Challenges»**

**Dear Colleagues!**

The event will take place *on 20-21 April 2017*  
in *Dnipropetrovsk State University of Internal Affairs*

The co-organizers of the event are **Dnipropetrovsk State University of Internal Affairs** and **Ukrainian public organization «Ukrainian Lawyers Association»**.

The Summit will be held with the participation of *leading national and foreign scientists, politicians, practicing lawyers, representatives of state and local governments, public associations, and applicants of Higher Education* etc.

Within the framework of the Summit there will be *workshops of famous scientific and political representatives of state and local governments* in specific thematic areas on topical issues of modern state processes, law-making and law enforcement in Ukraine.

**The purpose of the III International Student Summit** is raising the level of education of applicants of Higher Education on topical issues of modern state processes law-making and law enforcement in Ukraine; increasing positive image of the legal profession; gaining the practical experience during the communication with scientists, politicians, practicing lawyers, representatives of state and local governments; improving legal education in Ukraine; further development of the institution of the national idea as the driving force of national progress in Ukraine etc.

**The following people are invited to participate in the Summit:**

- *scientists in law, philosophy, sociology, political and government science etc;*
- *applicants of Higher Education (students, cadets etc);*
- *representatives of state and local governments;*
- *Centres for free secondary legal aid;*
- *public associations etc.*

The applicants of higher education of Ukrainian and foreign higher education establishments are invited to participate in the Summit with the *project*. The project has to be *searching and innovative by its nature, have scientific and practical importance including the provisions to improve the current legislation taking into account the positive foreign experience and be aimed at solving the following issues in the area of law, legal philosophy, sociology of law, political and government science:*

- ❖ **Liberal government and the current global and regional challenges.**
- ❖ **The Civilizational choice of Ukraine: political and legal paradigm and the issues of essential transformations**
- ❖ **The legal issues of Ukraine's internal and external policy formation and realization.**
- ❖ **National security as a fundamental part of vital human, society and state interests.**
- ❖ **Information security as an element of Ukraine's national security.**
- ❖ **Information wars under current globalized conditions.**
- ❖ **Information society development in Ukraine and throughout the world: legal aspect.**
- ❖ **The national idea - the driving force of national progress in today's realities.**
- ❖ **Gender equity - the history of formation, international standards, the problems of realization in Ukraine and throughout the world.**
- ❖ **The rights, freedoms and legitimate interests of IDPs in Ukraine and other countries of the world: the question of implementation mechanism.**
- ❖ **The issue of separation of powers and the modern state: whether Montesquieu's theory needs to be updated.**
- ❖ **Ensuring decentralization at the local, regional and national levels: Ukrainian, European and international experience.**
- ❖ **The Ukrainian justice system: challenges of reforming and efficient operation.**

- ❖ **International evaluation of Ukrainian reforms: sociological, politological, social and economical, legal, administrative aspects.**
- ❖ **National police of Ukraine: the problems of formation and development prospects taking into account foreign experience.**
- ❖ **State of law as the model of postindustrial society power organization.**
- ❖ **Morality and power: interactive and interaction matters.**
- ❖ **Political and legal determination of current global society. Ukraine and global civil society.**
- ❖ **Young people as creative power of current changes in global society.**
- ❖ **The problems of lawmaking in Ukraine in modern conditions of European integration.**
- ❖ **Theological and sociological understanding of law as the basis of moral and ethical paradigm of social development.**

On the day of the Summit a **project** must be submitted to the organizing committee. *Project requirements*: front page, table of contents, list of abbreviations (if necessary), main text (up to 20 pages), bibliography, appendix; font: Times New Roman, font size 14 pt, style – normal, interval is 1.5; document margins: on the left, at the bottom and on top – 20 mm, on the right – 10 mm; paragraph – 12.5 mm, full justification. References should be formed in square brackets, for example [4, p. 3], [8, p. 25; 9, p. 14].
